

Big Brain Quiz Night

Whats Involved:

The Big Brain Quiz is a true test of stamina and brain power! It will separate the Stephen Hawkings from the Homer Simpsons!

We kick off the evening by doing some warm up games and challenges –we don't want to strain those brains! Then we run the Big Brain Quiz Rounds, each round with a different topic or theme. We can even add a topic that's catered totally to your group like general knowledge on your company for corporate events or on a person for private group events. At Brennan Events we love to tailor our packages to your needs so we can add rounds with topics to suit your group.
